

CAP 2017-2018-MID-YEAR STAFF SURVEY: OPEN ANSWER RESPONSES:		
What are two things you enjoy most about working in the CAP program?		
1	The students and staff and the opportunity to be creative and have fun in the PBLs	ED
2	Working with children & learning new educational material	ED
3	The interaction with the kids	ED
4	I enjoy doing the project activities with the students and participating with them during gym time.	ED
5	doing projects with the children and helping them with their homework.	ED
6	1- working with the children and seeing them grow. 2- serving the community and continuing to learn more about it.	ED
7	The interaction with the kids and the lessons I teach.	ED
8	1. Working with my CAP colleagues. 2. PBL activities	ED
9	Relationship with kids. Relationship with co_workers	ED
10	The Staff and The Students	ED
11	We work well together wherever and whenever it is needed. There is a great embrace of community, respect and achievement whether it's homework, art , exhibitions etc.	ED
12	Friendly environment & enjoying time with the children	ED
13	Everyone is friendly and helpful with what ever you need.	ED
14	Working with children and learning from one another on how we can be better	ED
15	Students and staff	ED
16	The kids are amazing to be around. The staff are all nice and feel at home	ED
17	The team & activities	ED
18	Access to dreamers and doers / Ability to grow by helping others do the same	ED
19	I mostly enjoy getting to bounce ideas off of the students and other staff about the kinds of projects they want to do. I also like being involved with all of the classes and getting to see everyone's progress.	ELC
20	The kids are great and showing them new things	ELC
21	working together with my assistants and the students	ELC
22	I enjoy working with the children, and seeing them grow.	ELC
23	Learning from teachers and working with them, and assisting teaching children and watch them learning.	ELC
24	Helping the students in their education process. Also I'm learning of the different aspects of working with children.	ELC
25	working with students and doing projects	ELC
26	I enjoy working with the students and learning with them	ELC
27	I love the kids I teach! So with that I enjoy teaching them and watch them grow academically.	ELC
28	I absolutely enjoy interacting with my first graders and getting to be part of their education. I truly enjoy my colleagues, they're very supportive and always willing to give an extra hand.	ELC
29	Been with the youngest kids and also have the chance to interact with their parents and help them as a family.	ELC
30	We work as a team and we receive help from everyone	ELC

CAP 2017-2018-MID-YEAR STAFF SURVEY: OPEN ANSWER RESPONSES:		
What are two things you enjoy most about working in the CAP program?		
31	Creating a great relationship with the students & working with the staff at JFK	JFK
32	The staff and the kids	JFK
33	Being allowed to teach the class about real world problems and solutions that I feel are really important is something I enjoy about the CAP program. I'm given the flexibility to come up with a lesson plan that can make a huge impact on these children's lives, and that is simply amazing to me. I also I also enjoy the constructive feedback I am given when necessary. Being that this is my first year and a lead teacher, there are some aspects that I know I can grow in, and I feel as though I am given much support in that regards.	JFK
34	Interaction with the students, collaborating with my fifth grade colleague and the JFK Site Director, JB.	JFK
35	Interaction with the students and collaborating with fifth grade colleague. JB works extremely hard and Adriana is always helpful and accommodating to our needs. They are great leaders and have great passion.	JFK
36	Helping and team work	JFK
37	Working with the students	JFK
38	Working with the age group I feel most comfortable with and rye clay art center	JFK
39	The close relationship with the director and the kids.	JFK
40	Creating fun projects for kids and the kids enjoying the projects.	JFK
41	I enjoy being a positive role model to the students and I enjoy connecting with the parents.	JFK
42	Two things enjoy in the CAP program is the working with students and encouraging them to do well in school. Another thing I enjoy most is making connections with the kids. It's heart warming when students acknowledge and enjoy their work during afterschool time!	JFK
43	I love seeing the kids enjoy the projects that they do. I also appreciate that my opinions are taken into consideration.	JFK
44	Conversations with students outside of the usual classroom setting, Being afforded the opportunity to work with students on new and exciting projects	MS
45	Working with port Chester students	MS
46	1. The interaction with the child and their family. 2. The ability to foster students and staff passion on a daily basis	MS
47	Working with the students and my colleagues	MS
48	Seeing the kids happy and working hard.	MS
49	My co workers/ director and the students! I love working with everyone. It is a great community feeling of care for the whole child	MS
50	Helping children. I enjoy working with my CAP team.	MS
51	The students and being able to work in an environment where I do things I enjoy	MS

CAP 2017-2018-MID-YEAR STAFF SURVEY: OPEN ANSWER RESPONSES:		
If you could implement change to the CAP program, what would you like to see or experience?		
1	I wish we could go on more trips but I know that time and money pose problems with that.	ED
2	Have more physical/mental activity for the children such as Zumba , yoga , chess , cooking class and /or sowing	ED
3	I would Have to think about that more in depth	ED
4	I would extend the time, make sure the supplies are in on time and that we have more assistants, so when the coach is gone for gym I'm not by myself. Or we could have volunteers on a regular basis.	ED
5	I would like to see more tutoring for the students academically. Many of the children are below grade level in both reading and math. It would be fantastic if we could fill in the gaps. I would like to see more enrichment such as science. The children would also benefit from field trips to give them more experiences.	ED
6	it would be great to offer the kids more physical activities like sports and having interclass sports championships	ED
7	More time to come together as a whole program with the kids, maybe playing games or doing lessons.	ED
8	More enrichment activities because right now the students only get computer one afternoon and physical education one afternoon.	ED
9	Have meeting with the others schools because is important share experiences.	ED
10	I would probably like to have one exhibition at the end of the year instead of two	ED
11	I don't have an answer for this question would have to think about it.	ED
12	Swimming	ED
13	Swimming for the children	ED
14	Outside activities	ED
15	Field Trips	ED
16	The cap program should go back to their original time from 3-6	ED
17	More time	ED
18	Opportunities to venture out into the community and take action.	ED
19	I would like to see more interaction between the sites. I think doing something like the former PD days where all the sites could sit and share what has been happening helps build stronger ties as one team. It always helped to hear about the kinds of things the other sites did to improve their environment in regards to the students or staff issues.	ELC
20	More activities. The kids don't have gym or an art teacher and it's not fair to expect the assistants and leads to be able to fulfill all of that with all of the other things we have to do	ELC
21	more respect and appreciation for the teachers	ELC
22	Kids don't eat much of what is served for snupper.	ELC
23	For the time we have available, our program is suficiente, but if we could extend our hours it would be great to ad arts and sport activities.	ELC
24	Aside of helping the students with their homework, it will be nice if the teacher reinforce giving a little lesson in math or writing.	ELC
25	I wouldnt change anything	ELC
26	I would request some planning time	ELC
27	I would love to see more activit for the kids! They expend too much time in the classroom. They need to do more activities out of the classroom.	ELC
28	Probably make the program an hour longer.	ELC
29	I would love to have teachers for PE and Art or another physical activity.	ELC
30	Swimming for the kids	ELC

CAP 2017-2018-MID-YEAR STAFF SURVEY: OPEN ANSWER RESPONSES:		
	If you could implement change to the CAP program, what would you like to see or experience?	
31	More staff available for assistance, better listening & respect from the students	JFK
32	Variety in activities and more staff	JFK
33	I know we have a limited staff, and I am more than capable of handling my class on my own, but I know the program would benefit with extra sets of hands to help out in the classrooms. When I have an assistant, it makes my life immensely easier and benefits the class as a whole. I know this is difficult change to implement, but that would be my change in an ideal world.	JFK
34	There needs to be a variety of extra curricular activities (art, dance, physical education). It is tough for 5th graders to stay in one classroom for two hours, Monday-Thursday. I strongly believe that children need to play to increase mindfulness and academic growth.	JFK
35	I would change the fact that there are not enough extra curricular activities. The program used to include dance, art, and physical education. The students have expressed that they miss those activities and often feel tired of the program and the everyday structure. After a full day of school the students have grown tired of sitting in the classroom and would like to get out and express themselves differently.	JFK
36	I just been hired, I'm not sure yet	JFK
37	More activities for students. Especially gym. After being in school all day, students need the opportunity to be outside and do physical activity. There should be two teachers in every classroom. Each after school group is a mix of students from different classes that need the most help, academically. For use to give them the help they need, two adults would be ideal.	JFK
38	To provide the appropriate amount of staffing necessary for such a big program especially with the children who need more supervision. Without it the setting itself is dangerous for both staff and the students.	JFK
39	More specials outside the classroom.	JFK
40	More staff!	JFK
41	An increase in staff and staff training.	JFK
42	I think we could use more communication as a staff whole. Since we are such a small staff I think it is hard to find one another at the site. Also I would love to see more activities that can keep the children engaged. Such a physical education, arts and crafts, swimming!	JFK
43	More activities for the students and staff	JFK
44	Tech that is readily available and in working order to cut down on wasted time	MS
45	Better support from carver center building	MS
46	I would like to see more opportunity for staff development.	MS
47	Less phone activity	MS
48	I think the program is awesome and doesn't need to change.	MS
49	The only change I would implement is being able to work with more of the children in different capacities	MS
50	I would love to see more kids excited about the various electives.	MS
51	Using more of the space that's not currently available	MS
