

## Carver Center unveils new logo

GO

Wednesday, January 17, 2018 11:01 PM

Founded in 1943, Port Chester Carver Center acts as a community learning center for people of all ages. Learning is the common thread used to equip Carver Center's clients with the knowledge they need to navigate the world we live in, to lead productive and self-sufficient lives.

To bring this vision to life, Carver Center has rebranded—transforming the traditional emblem to one that best embodies their mission of serving, educating and empowering the Port Chester community. The new logo features a wheel of people (infants and toddlers, school-age children, tweens and teens, adults and seniors) joined together to represent the distinguished stages of life. As the center prepares to celebrate its 75<sup>th</sup> anniversary, it is sharpening its focus on learning opportunities and meeting the holistic needs of the diverse and vibrant community it serves.

"I love the way our new logo highlights five colorful, spiraling figures—one for each of our five developmental learning benchmarks," said Leanne Tormey, Carver Center's chief learning officer. "They symbolize Carver's commitment to serving our community members from birth through their revered status as senior citizens."

Carver Center knows that learning has no bounds, which is why it offers numerous opportunities for development outside a school environment. Carver provides a healthy blend of options and resources which anyone may use to reach their maximum potential and continue their journey as a self-guided learner. Whether a client visits the center in hopes of excelling in school, discovering a talent, attending a nutrition workshop, swimming a new length in the pool or even becoming naturalized, each leaves a stride closer to a better quality of life.

For the first time, LawnChair Theatre is using their Shakespearean summer production to embrace a deeper message and advocate for environmentalism in the community. "The Tempest" will premiere this Thursday and travel to several parks over the next two weeks.

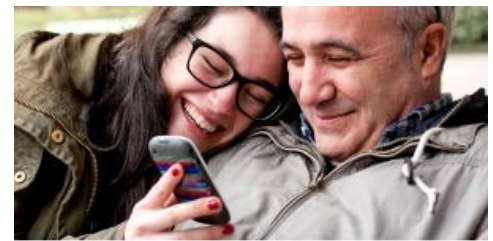

### Local Specialization, Global
