Port Chester, NY 10573

## Arts and Crafts

**Ages 4-6 | 11-11:50am**

Join in the fun that working with your hands brings to a Saturday morning. Participants will craft new projects each week and bring all of their creations home to share with friends and family.

## Ballet

**Ages 4-6 at 9-9:50am | Ages 7-10 at 10-10:50am**

Along with the introduction of technique, the instructor fosters creativity and imagination in class through movement and imagination games. Dancers will improve flexibility and coordination through fun, age appropriate exercises.

## Carver Choir

**Grades 4 and Up | 10-10:50am | Free for Adults and Seniors**

Enjoy weekly practice with a choir of elementary, middle, high school students, adults, and seniors. Sing a mix of contemporary pop songs, Latin hits, and classics. The choir will perform at various Carver events.

## Chess

**Ages 10-13 | 12-12:50am**

Chess has been shown to increase children's self-esteem and enrich their social skills. Boys and girls will improve their math, analytical, and logical skills one move at a time in this class.

## Curtain Call

**Ages 8-12 | 11-11:50am**

Taught by caring theater students with extensive dramatic and singing backgrounds who will focus on acting and singing warm-ups, technique, improvisation, fun dramatic games, and building confidence.

## Hip-Hop

**Ages 7-10 at 12 to 12:50 pm | Ages 11-13 at 1-1:50 pm**

Hip-hop is an upbeat urban style of dance that is always evolving. This high energy class consists of rap, hip-hop and pop, focusing on musicality and rhythm. This class consists of structure along with fun and sass.

## Paint like Picasso!

**Ages 10-13 | 10-10:50 am**

Students will learn to prepare canvas, mix acrylic paint & blending techniques, composition, and perspective. The class will give children tools and confidence to begin their artistic journey of self-expression & creative thinking.

## Saturday Academy

**Grades K+1, 2+3, 4+5 | 9am-10:50 am**

Students will learn to enhance their literacy and math skills through a variety of interactive activities. The instructor will match lessons to the group and individual participants so that the time is beneficial and fun for all.

## The Science of Food

**Ages 7 to 10 | 1-1:50 pm**

How is rock candy formed? Why do oil and water not mix? Why does dough rise? How is butter made? We will explore these questions and many more!

## Soccer Skills

**Grades 4 and 5 | 9-9:50am**

Your child will learn the fundamentals of soccer in an encouraging and fun environment. Backyard Sports will focus on the best of sportsmanship, teamwork, skill building, and understanding of the game.

## Video Game Adventure

**Ages 10 to 13 | 11-11:50am**

Students will learn how to develop a classic Adventure game using innovative coding. They will develop an app with guidance and support. Students will learn coding fundamentals and complete their unique version of the game.
