About us: The Port Chester Carver Center helps our community thrive through programs that nourish, educate, and empower. Founded in 1943, Carver Center began as a small storefront daycare program for African American children whose parents worked in wartime defense plants. The Carver Center grew to be a small food pantry and childcare program that operated out of a rented synagogue basement for over 50 years. In 2000, Carver Center moved to our current location—a 50,000 square foot building that features classrooms, multi-use rooms, a 25-yard heated indoor pool, saunas, a full-court gymnasium, movement studio, a fully equipped kitchen, tech lab, food market, and a STEAM makerspace. Port Chester Carver Center helps our community thrive through programs that nourish, educate and empower. Carver Center’s services address food insecurity; childcare; out-of-school-time enrichment; youth development; services to support immigrants (including citizenship and English language conversation classes); aquatics and more.
